STUDENT

BIO

I was born in Marburg, Germany on August 6th, 2002 and spent the first eight years of my life there attending kindergarten and the first year of primary school. In 2010, my family and I moved to Alba, Italy where I lived and grew up with my dear friends until 2022. Currently, I am based in Amsterdam where I am pursuing my university studies. I have a passion for video making and event production, which I have been able to develop as a hobby in my local community. Some words that I believe describe me well are creative, enterprising, and affectionate.
